WARNING

Medical information is constantly evolving and being updated. Standard safety practices should be observed, and it should be acknowledged that changes in treatments and drug applications may be necessary in light of new research and clinical experiences. Readers are advised to verify the latest product information, dosage, administration methods, and contraindications provided by the drug's manufacturer regarding medications. Determining the best treatment and the correct drugs and dosages for each patient is the responsibility of the attending physician. The publisher and editors are not responsible for any harm or damage to patients or equipment that may arise from the use of this publication.

Revolutionizing Continuous Medical Education

Welcome to ADN CoE®, where we believe in creating superior processes to achieve exceptional results. With over 15 years of experience in Continuous Medical Education (CME), we take pride in delivering unparalleled convenience and value to our esteemed partners.

At ADN CoE®, we understand the significance of fostering a strong connection between medical professionals and the latest advancements in their respective fields. Our mission is to facilitate a platform where physicians with exemplary practices and expertise can come together to share knowledge and best practices.

Our journey began with a deep-rooted motivation to address the needs of healthcare professionals like yourself, who exhibit unwavering dedication to your patients and a strong commitment to your craft. We acknowledge that continuous medical education is not just an obligation but an integral part of your growth and success as a healthcare provider.

As experts in the field of CME, we pledge to offer you a seamless and enriching experience, curating specialized events, and learning opportunities that align with your professional interests and goals. By collaborating with ADN CoE®, you gain access to a network of exceptional physicians, cutting-edge resources, and transformative insights that can shape the future of medical practice.

We are excited to embark on this journey with you, fostering a community of like-minded healthcare professionals who aspire to make a meaningful impact on patient care through continuous learning and growth. Together, let us elevate the standards of medical education and reinforce our commitment to enhancing patient outcomes.

Thank you for choosing ADN CoE® as your preferred partner in continuous medical education. We look forward to empowering your journey toward excellence.

OUR MISSION

We are dedicated to the pursuit of excellence in the dynamic healthcare landscape. We recognize the importance of continuously enhancing value and elevating quality standards. With this in mind, our mission is to foster global collaboration among esteemed medical practitioners and organizations, facilitating the exchange of knowledge. Through this exchange, we aim to uplift the standards of care and enhance the well-being of communities worldwide. Furthermore, we strive to optimize operational performance and deliver superior value to patients

& VISION

At ADN CoE, we envision a world where our comprehensive trainings and mentorship programs empower clinicians to provide optimal healthcare for all. As we train the next generation of healthcare professionals, our ultimate vision is to create an environment where their expertise supports the delivery of exceptional patient care. We are committed to providing and advancing high-quality learning opportunities for healthcare professionals who are catalysts for continuous improvements in patient care.

ADVANCED UROLOGY FELLOWSHIP

Duration of Program: 3-6-9-12 Months

1) Why Choose Our Advanced Urology Fellowship Program:

We are delighted to offer the Advanced Urology Fellowship Program. Our program provides a comprehensive and advanced training experience in robotic-assisted urological surgery and laparoscopic urological surgery. Here's why our fellowship program stands out:

- **Expert Faculty:** Our program is led by a team of highly skilled and experienced urologists who specialize in robotic and laparoscopic surgery. They are recognized leaders in the field and have extensive experience in performing robotic-assisted and laparoscopy procedures. They are committed to providing exceptional education and mentorship to fellows.

- **Comprehensive Curriculum:** Our fellowship program features a robust curriculum that covers all aspects of robotic surgery and advanced laparoscopy in urology. You will receive comprehensive training in robotic-assisted procedures for various urological conditions, including prostate cancer, kidney cancer, bladder cancer, partial nephrectomy, robotic-assisted cystectomy, robotic kidney transplantation, ThuLEP laser, hyperplasia of prostatic and reconstructive urology. You also will receive URS, transurethral resection, percutaneous lithotripsy, advanced laparoscopy, radical cystectomy, radical nephrectomy, laparoscopic nephrectomy, laparoscopic partial nephrectomy. The curriculum is designed to provide a solid foundation and prepare you for a successful career in robotic surgery.

- **Clinical Experience:** We offer comprehensive clinical experience to ensure you gain proficiency in performing robotic-assisted and laparoscopic procedures. You will have the opportunity to engage in a variety of clinical settings, including robotic surgery theaters, outpatient clinics, and multidisciplinary conferences. This exposure will aid in the development of surgical skills, decision-making abilities, and treatment strategies crucial for delivering optimal care to urological patients.

- Robotic Surgery Simulation Training
- Robotic Surgery Demo Hands-on Chicken, etc.
- Patient and Console Training
- Robotic, Laparoscopic and BPH Surgeries

- **State-of-the-Art Facilities:** Our program is affiliated with leading medical centers equipped with state-of-the-art robotic surgical systems and advanced urology technology. You will have access to cutting-edge robotic platforms, advanced imaging systems, specialized urology instruments, and dedicated robotic surgery and advanced laparoscopic theaters. These resources will enhance your learning experience and allow you to master robotic surgical and advanced laparoscopic techniques.

- **Research Opportunities:** We believe in the importance of research and innovation in advancing the field of robotic surgery and laparoscopy in urology. As a fellow, you will have the opportunity to engage in research projects, clinical trials, and scholarly activities under the guidance of our experienced faculty. Our program provides support and resources to facilitate your research endeavors and encourages you to contribute to advancements in robotic surgery.

- **Interdisciplinary Collaboration:** Robotic surgery and laparoscopy in urology often involves collaboration with other healthcare professionals, including radiologists, anesthesiologists, and pathologists. Our fellowship program promotes interdisciplinary collaboration, providing opportunities to work alongside professionals from different disciplines. This interprofessional approach enhances your understanding of comprehensive patient care and fosters effective teamwork.

2) Program Overview:

The Urology Fellowship Program is designed to provide a comprehensive and well-rounded training experience in robotic-assisted and laparoscopic urological surgery. The program covers a wide range of topics within the field, including but not limited to:

- Robotic Prostatectomy for Prostate Cancer
- Robotic Partial Nephrectomy for Kidney Cancer
- Robotic Cystectomy for Bladder Cancer
- Robotic Reconstructive Urology Procedures
- Advanced Techniques in Robotic Urology Surgery
- Robotic Surgical Management of Urologic Complications
- Robotic Kidney Transplantation
- Advanced Laparoscopic Techniques
- ThuLEP, HOLEP, REZUM, HIFU
- URS
- Transurethral Resection
- Percutaneous Lithotripsy
- Radical Cystectomy
- Radical Nephrectomy
- Laparoscopic Nephrectomy
- Laparoscopic Partial Nephrectomy
- ESWT
- PRP
- Percutaneous Nephrolithotomy
- MR Fusion Biopsy
- Micro Ultrasound Fusion Biopsy
- Benign Prostatic Hyperplasia

3) Structure of the Fellowship Program:

Our fellowship program follows a structured curriculum that combines clinical rotations, didactic sessions, case conferences, journal clubs, research opportunities, and mentorship. The program is designed to progressively enhance your surgical skills, knowledge, and critical thinking abilities in robotic-assisted urological surgery.

ADVANCED UROLOGY FELLOWSHIP

4) Objectives of the Fellowship Program:

The objectives of our Urology Fellowship Program include:

- Mastery of robotic surgical techniques for urological conditions, including prostate cancer, kidney cancer, bladder cancer, and reconstructive urology.
- Proficiency in preoperative planning, patient selection, and surgical decision-making for robotic-assisted procedures.
- Comprehensive understanding of the principles and technical aspects of robotic surgery in urology.
- Development of skills in perioperative management and postoperative care of urological patients undergoing robotic surgery.
- Exposure to research methodologies and the ability to contribute to advancements in robotic surgery in urology.
- Development of skills in laparoscopic surgery.
- Development of skills robotic assisted kidney transplantation.
- ThuLEP Laser.

5) Facilities:

As a fellow in our Advanced Urology Fellowship Program, you will have access to exceptional facilities, including:

- State-of-the-art robotic surgical systems with advanced imaging and instrument capabilities.
- Dedicated robotic surgery theaters equipped with specialized robotic consoles and instrumentation.
- Advanced imaging modalities for preoperative planning and intraoperative guidance.
- Collaborative research centers with resources for conducting robotic surgery-related research projects.

"Additionally, if you prefer, you can select Italy, the USA, or Turkey as your facility of choice."

6) Prerequisite Training/Selection Criteria:

To be eligible for our Advanced Urology Fellowship Program, candidates must meet the following prerequisites and selection criteria:

- Completion of an accredited residency program in urology.
- Board certification or eligibility in urology.
- Demonstrated interest and experience in robotic surgery.
- Strong surgical skills and clinical judgment in urology.
- Positive letters of recommendation from faculty members familiar with the candidate's clinical and surgical abilities.

7) How to Apply:

Interested candidates should submit the following completed documents to the program director:

- **Letter of Interest:** A personal statement outlining your motivations, career aspirations, and reasons for pursuing a Advanced Urology Fellowship at our institution.
- **Letters of Recommendation:** Three or more letters of recommendation from faculty members or professionals familiar with your clinical and procedural abilities.
- **Current CV:** An updated curriculum vitae detailing your education, training, clinical experience, research activities, and publications, if applicable.
- **University Diploma:** A copy of your university diploma as proof of your higher education degree.
- **3x5 Photo (.jpg format):** A recent photograph of yourself in 3x5 size and jpg format.
- **High School Diploma:** A copy of your high school diploma as proof of your educational background.
- **Financial Statement:** A financial statement indicating your financial capacity for the fellowship period, preferably the latest 6 months of account statements.
- **Exchange Suitability Certificate:** A certificate from your university indicating your suitability for participating in an exchange program, if applicable.
- **Passport Documents:** Copies of your passport pages. Please ensure that your passport is valid for the duration of the fellowship period.

All application documents, including the supplementary materials, should be submitted professionally and adhere to the specified format guidelines.

ADVANCED UROLOGY FELLOWSHIP

8) Clinical Experience:

Throughout the fellowship program, fellows will gain extensive clinical experience in robotic-assisted urological surgery. This includes participation in robotic surgery theaters, outpatient clinics, and multidisciplinary conferences. Fellows will develop surgical skills, decision-making abilities, and proficiency in managing urological conditions using robotic techniques.

9) Certification:

Upon successful completion of the Advanced Urology Fellowship Program, fellows will receive a certificate of completion, recognizing their advanced training and competency in robotic-assisted urological surgery.

We look forward to receiving your application and considering you for our prestigious Advanced Urology Fellowship Program. Should you have any further questions, please feel free to reach out to our program director or the fellowship coordinator.

HOW TO APPLY

FELLOWSHIP APPLICATION PROCESS

Application Deadline: Applications must be submitted at least 2 months before the fellowship program's start date.

Efficient Review: Our team ensures a prompt review of all received applications, expediting the selection process.

Invitation-Only Interviews: Shortlisted candidates will receive invitations to participate in virtual interviews conducted over Zoom.

Program Commencement: The fellowship program commences on the first day of the designated month.

Flexible Fellowship Durations: We offer fellowship durations ranging from 6 to 9 months, as well as one- and two-year options.
