WARNING

Medical information is constantly evolving and being updated. Standard safety practices should be observed, and it should be acknowledged that changes in treatments and drug applications may be necessary in light of new research and clinical experiences. Readers are advised to verify the latest product information, dosage, administration methods, and contraindications provided by the drug's manufacturer regarding medications. Determining the best treatment and the correct drugs and dosages for each patient is the responsibility of the attending physician. The publisher and editors are not responsible for any harm or damage to patients or equipment that may arise from the use of this publication.

Revolutionizing Continuous Medical Education

Welcome to ADN CoE®, where we believe in creating superior processes to achieve exceptional results. With over 15 years of experience in Continuous Medical Education (CME), we take pride in delivering unparalleled convenience and value to our esteemed partners.

At ADN CoE®, we understand the significance of fostering a strong connection between medical professionals and the latest advancements in their respective fields. Our mission is to facilitate a platform where physicians with exemplary practices and expertise can come together to share knowledge and best practices.

Our journey began with a deep-rooted motivation to address the needs of healthcare professionals like yourself, who exhibit unwavering dedication to your patients and a strong commitment to your craft. We acknowledge that continuous medical education is not just an obligation but an integral part of your growth and success as a healthcare provider.

As experts in the field of CME, we pledge to offer you a seamless and enriching experience, curating specialized events, and learning opportunities that align with your professional interests and goals. By collaborating with ADN CoE®, you gain access to a network of exceptional physicians, cutting-edge resources, and transformative insights that can shape the future of medical practice.

We are excited to embark on this journey with you, fostering a community of like-minded healthcare professionals who aspire to make a meaningful impact on patient care through continuous learning and growth. Together, let us elevate the standards of medical education and reinforce our commitment to enhancing patient outcomes.

Thank you for choosing ADN CoE® as your preferred partner in continuous medical education. We look forward to empowering your journey toward excellence.

OUR MISSION

We are dedicated to the pursuit of excellence in the dynamic healthcare landscape. We recognize the importance of continuously enhancing value and elevating quality standards. With this in mind, our mission is to foster global collaboration among esteemed medical practitioners and organizations, facilitating the exchange of knowledge. Through this exchange, we aim to uplift the standards of care and enhance the well-being of communities worldwide. Furthermore, we strive to optimize operational performance and deliver superior value to patients

& VISION

At ADN CoE, we envision a world where our comprehensive trainings and mentorship programs empower clinicians to provide optimal healthcare for all. As we train the next generation of healthcare professionals, our ultimate vision is to create an environment where their expertise supports the delivery of exceptional patient care. We are committed to providing and advancing high-quality learning opportunities for healthcare professionals who are catalysts for continuous improvements in patient care.

COMPLEX CORONARY INTERVENTIONS FELLOWSHIP PROGRAM

Duration of Program: 3-6-9-12-24 Months

1) Why Choose Our Complex Coronary Interventions Fellowship Program:

We are proud to offer the Complex Coronary Interventions Fellowship Program. Our program provides a comprehensive and advanced training experience in complex coronary interventions. Here's why our fellowship program stands out:

- **Expert Faculty:** Our program is led by a team of highly skilled and experienced interventional cardiologists who are recognized leaders in the field. They bring a wealth of knowledge and expertise to the program and are committed to providing exceptional education and mentorship.

- **Focus on Complex Coronary Interventions:** Our fellowship program is specifically designed to train fellows in the intricacies of complex coronary interventions. We offer a specialized curriculum that focuses on advanced techniques and procedures, including chronic total occlusions, bifurcation lesions, complex calcified lesions, and high-risk interventions.

- **Clinical Experience:** We offer comprehensive clinical exposure to ensure the development of proficiency in performing complex coronary interventions. You will have the opportunity to participate in a wide range of cases, collaborating with experienced interventional cardiologists. This exposure will foster the growth of technical skills, decision-making abilities, and the confidence to address challenging coronary interventions.

- **State-of-the-Art Facilities:** Our program is affiliated with leading medical centers equipped with state-of-the-art technology and advanced cardiac catheterization laboratories. You will have access to cutting-edge equipment, including intravascular imaging, physiological assessment tools, and advanced hemodynamic monitoring systems. These resources will enhance your learning experience and allow you to master complex coronary interventions.

- **Research Opportunities:** We believe in the importance of research and innovation in advancing interventional cardiology. As a fellow, you will have the opportunity to engage in research projects, collaborate with renowned researchers, and contribute to advancements in complex coronary interventions. Our program provides support and resources to facilitate your research endeavors.

- **Interdisciplinary Collaboration:** Interventional cardiology involves collaboration with other healthcare professionals, including cardiac surgeons, imaging specialists, and electrophysiologists. Our fellowship program promotes interdisciplinary collaboration, providing opportunities to work alongside professionals from various disciplines. This interprofessional approach enhances your understanding of comprehensive patient care and fosters effective collaboration.

2) Program Overview:

The Complex Coronary Interventions Fellowship Program is designed to provide a comprehensive and well-rounded training experience in complex coronary interventions. The program covers a wide range of topics and techniques, including:

- Chronic Total Occlusion (CTO) Interventions
- Bifurcation Lesion Interventions
- Complex Calcified Lesion Interventions
- High-Risk Interventions
- Hemodynamic Assessment and Physiological Assessment Techniques
- Intravascular Imaging (IVUS, OCT) and FFR Guided Interventions

3) Structure of the Fellowship Program:

Our fellowship program follows a structured curriculum that combines clinical rotations, didactic sessions, simulation training, and research opportunities. The program is designed to progressively enhance your clinical skills, knowledge, and critical thinking abilities in complex coronary interventions.

4) Objectives of the Fellowship Program:

The objectives of our Complex Coronary Interventions Fellowship Program include:

- Mastery of advanced techniques and procedures for complex coronary interventions.
- Proficiency in decision-making for complex lesion subsets, including CTOs, bifurcation lesions, and calcified lesions.
- Development of expertise in physiological and intravascular imaging assessments for guiding interventions.
- Acquisition of advanced skills in hemodynamic monitoring and management during complex interventions.
- Exposure to research methodologies and the ability to contribute to advancements in complex coronary interventions.

COMPLEX CORONARY INTERVENTIONS FELLOWSHIP PROGRAM

5) Facilities:

As a fellow in our Complex Coronary Interventions Fellowship Program, you will have access to exceptional facilities, including:

- State-of-the-art cardiac catheterization laboratories equipped with advanced imaging and physiological assessment technologies.
- Dedicated hybrid operating rooms for complex interventions requiring a multidisciplinary approach.
- Cutting-edge intravascular imaging systems, such as intravascular ultrasound (IVUS) and optical coherence tomography (OCT).
- Advanced hemodynamic monitoring systems for comprehensive assessment during complex interventions.
- Collaborative research centers with resources for conducting research projects.

"Additionally, if you prefer, you can select Italy, the USA, or Turkey as your facility of choice."

6) Prerequisite Training/Selection Criteria:

To be eligible for our Complex Coronary Interventions Fellowship Program, candidates must meet the following prerequisites and selection criteria:

- Completion of an accredited cardiology fellowship program.
- Board certification or eligibility in interventional cardiology.
- Demonstrated commitment to the field of complex coronary interventions.
- Strong academic record and evidence of ongoing professional development.
- Positive letters of recommendation from faculty members familiar with the candidate's clinical and academic abilities.

7) How to Apply:

Interested candidates should submit the following completed documents to the program director:

- **Letter of Interest:** A personal statement outlining your motivations, career aspirations, and reasons for pursuing a Complex Coronary Interventions Fellowship at our institution.
- **Letters of Recommendation:** Three or more letters of recommendation from faculty members or professionals familiar with your clinical and procedural abilities.
- **Current CV:** An updated curriculum vitae detailing your education, training, clinical experience, research activities, and publications, if applicable.
- **University Diploma:** A copy of your university diploma as proof of your higher education degree.
- **3x5 Photo (.jpg format):** A recent photograph of yourself in 3x5 size and jpg format.
- **High School Diploma:** A copy of your high school diploma as proof of your educational background.
- **Financial Statement:** A financial statement indicating your financial capacity for the fellowship period, preferably the latest 6 months of account statements.
- **Exchange Suitability Certificate:** A certificate from your university indicating your suitability for participating in an exchange program, if applicable.
- **Passport Documents:** Copies of your passport pages. Please ensure that your passport is valid for the duration of the fellowship period.

All application documents, including the supplementary materials, should be submitted professionally and adhere to the specified format guidelines.

8) Clinical Experience:

Throughout the fellowship program, fellows will gain extensive clinical experience in performing complex coronary interventions. This includes participation in a wide range of cases, including chronic total occlusions, bifurcation lesions, complex calcified lesions, and high-risk interventions. Fellows will work alongside experienced interventional cardiologists to develop technical skills and decision-making abilities.

9) Certification:

Upon successful completion of the Complex Coronary Interventions Fellowship Program, fellows will receive a certificate of completion, recognizing their advanced training and competency in complex coronary interventions.

We look forward to receiving your application and considering you for our prestigious Complex Coronary Interventions Fellowship Program. Should you have any further questions, please feel free to reach out to our program director or the fellowship coordinator.

HOW TO APPLY

FELLOWSHIP APPLICATION PROCESS

Application Deadline: Applications must be submitted at least 2 months before the fellowship program's start date.

Efficient Review: Our team ensures a prompt review of all received applications, expediting the selection process.

Invitation-Only Interviews: Shortlisted candidates will receive invitations to participate in virtual interviews conducted over Zoom.

Program Commencement: The fellowship program commences on the first day of the designated month.

Flexible Fellowship Durations: We offer fellowship durations ranging from 6 to 9 months, as well as one- and two-year options.
